MERO BY SADIA RASHEED

ABOUT US

MADE IN PAKISTAN

Sadia Rasheed Interior Design, a renowned design studio established in 2001 has a vast portfolio comprising of numerous high-profile residences nationwide. The company has been awarded the Asia Pacific Awards 2014-2015 for the best interior.

Whilst creating homes for clients, a need arose for distinctive and well finished planters. The unavailability and limited choice for timeless, unique and durable indoor/outdoor planters, led to the research and development of a high-end product that is made in Pakistan. This led to the creation of MERO in 2018 (a sub-division of SRID), providing and delivering planter solutions nationwide.

MERO planters are a vessel that provide an attractive and practical home for your plant-life to flourish in, and create a soothing environment in your space ~ bringing nature closer to you.

MERO

MERO is a versatile, sleek and elegant assortment of fiber glass resin planters that are meticulously handcrafted using durable materials. Beautifully designed they offer a touch of contemporary elegance to enhance any space whilst preserving plant life around you – be it indoor, outdoor residential or commercial spaces.

Our range consists of innovative designs that curate the perfect living spaces using various shapes and sizes. Fiberglass resin in our products is a composite material that provides durability and unmatched performance in all weather conditions. Premium quality products are combined to create a material that is strong, reliable and lightweight that can be installed and carried with ease. The thickness of our planters varies in accordance to their size and volume which enables the product to maintain its shape over years to come.

Our products are setting a new standard in premium home décor and outdoor gardening across Pakistan while maintaining the need to conserve natural resources.

MERO

LIVING

OUTDOOR COLLECTION

The three main characteristics of Mero products are research, style and quality. These timeless pieces of furniture for your outdoor living spaces are durable, sturdy and comfortable. We believe outdoor living should be an extension of our homes. Whether balcony, patio, or poolside, the right outdoor furniture takes your space from occasional use to your favorite place.

Our collection of comfortable outdoor living features plush seating with a foam core enclosed in a protective casing that helps prevent water from penetrating inside. Our additional water repellent covers are strongly recommended to protect furniture from the elements and minimize aging.

WILLOW TABLE

PRODUCT CARE

- To maintain the best look to your planter wash regularly. Do not use aggressive cleaning agents or high-pressure water.
- Use a wash cloth and warm soapy water as needed. Avoid using materials which may scratch your planters such as steel, wood or other abrasive sponges.
- Fiberglass is low maintenance but we recommend that all planters of this material are cleaned after a couple of weeks. Please note that some cleaners may damage or affect the material. Do not clean with steel wool, sand paper, solvents or any other abrasive material.
- If using natural plants, it is very important to only use potting soil formulated for planters and container gardening. This is usually, but not always, a mixture of soil and peat but can vary according to mixture. To ensure you are using the correct type of potting soil for your plant(s), check with a professional to determine the correct regional and plant specific soil to be used.
